

Dear Chairman Powell,

I am writing this message to register my extreme concern for pushing through the revisions to the FCC's media ownership regulation on June 2, 2003.

The diversity of media representation in our country has been seriously challenged already and further consolidation will continue to erode the public voice and compromise the quality of programming Americans deserve. As members of the world, the quick and thoughtless passage of these changes to benefit a few multinational conglomerates is a betrayal of the American public.

I urge you to rise to the occasion and delay this review until proper public debate has been generated.

Thank you for your time and consideration of this serious matter.

Sincerely,  
Carol Stakenas
